Bring all of the items above if you already have them – the rest can be purchased from Tikki on the day or earlier. **Please come early if you wish to shop just prior to the class, as the shop is usually very busy on workshop days.**

**We open at 10am and the class will start promptly as mention on the web site.**

Tikki has a few cutting mats and rulers you may borrow, but if you are taking up patchwork as a hobby, you will definitely need your own tools. Please note that you will need a rotary cutter in any case, as these are not available to borrow in the shop.

Tikki will provide irons and ironing boards. We also has sewing machines you may borrow (the fee is £5 per class). However, it is always recommended that you work with your own sewing machine which you are familiar with if at all possible. You are welcome to bring your machine to the shop some days in advance if it is easier for you.

#### **Travelling directions and parking help can be found on our web site at [tikkilondon.com](http://www.tikkilondon.com).**

On Saturdays parking is free in residents' lots.

Please note that parking is restricted from 10am to 12noon during weekdays, so during this 2 hour time the only parking is on a meter (found outside the shop or in nearby Kew village). There are also 1 hour free places in the perpendicular streets if it may help initially, but obviously the car has to be moved after the 1<sup>st</sup> hour. After 12noon parking is free in all the residents' lots. Please allow some time to find parking if your class is in the morning on a weekday. You can drop your machine & bags off in the shop and then drive to the village for parking if there are no places outside the shop (it's very close, 3-4min walk).

Welcome to your class.
